Permit Approval

This permit is issued with the following directions, restrictions, and conditions, and covers only the work described hereinafter, and then only when the work described is performed as described, and subject to the reverse side of this application. Notice of 48 hours will be given to the Road Commissioner prior to construction. The telephone number is (802) 888-3353 and leave a message.

Work to be completed by _____
(date)

Selectboard approval of permit

Driveway Permit

Directions, restrictions and conditions for access permits in the Town of Wolcott.

All driveways require at least a 15" culvert. All costs and labor are the responsibility of the applicant.

You must notify the Road Commissioner if you plan to place underground cable under a Town highway. Wires must be in a Schedule 80 galvanized pipe within the Town right of way. No permits will be issued between October 31st to May 1st for underground cable.

No material or snow is to be pushed from a driveway onto a town highway or right of way. All material or snow must be out of right of way. The town right of way is 25' from center of road.

This permit is temporary for the construction and becomes final under the recommendation of the Road Commissioner and the final approval of the Selectboard.

If the Selectboard feels that there is a problem with any culvert, the landowner will be notified in writing and given 30 days to correct the situation and be approved by the Road Commissioner/ Selectboard.

Culverts will be maintained by the town in emergency situations only, or so approved by the Selectboard. Emergency situations will be prioritized by location and by the nature of the emergency. The landowner will bear the cost of the culvert if one is needed or so approved by the Selectboard. The landowner can purchase the culvert from the town at the town's cost.

Below, please draw a sketch of property with desired location of access.
