

WOLCOTT HIGHWAY DEPARTMENT POLICY FOR REPORTING ROAD CONDITIONS

The Selectboard has adopted the following policy for reporting road concerns or hazardous road conditions.

During regular working hours concerned citizens should call the Highway Department (888-3353) or Town Office (888-2746) Monday through Friday 8 am - 4 pm with road concerns or requests.

Evenings and weekends when the Highway Department and Town Office are closed, please call the Sheriff's Department (888-3502) with any hazardous road conditions. The Sheriff's Department will contact the Road Foreman by radio or phone with your concern.

You may also call any Selectboard members during reasonable hours. They may not be available to address road concerns with you immediately.
