

Wolcott Planning Commission Minutes

August 1, 2017

Members present: Jim Robert, Maxfield English, Bruce Wheeler

Others Present: Ryan Murphy, Seth Jensen – Lamoille County Planning Commission

Minutes from the 6/13/2017 meeting were approved.

The discussion centered on an upcoming Flood Resiliency study, to be completed by the engineering firm Milone & MacBroom and LCPC. Flood maps of Wolcott village and Elmore Pond Road bridge area were reviewed and suggestions were made as to the critical areas to study and report.

An interactive flood model will be created by Milone & MacBroom and LCPC and will be presented to the Planning Commission at an upcoming meeting for review and discussion. This study, in conjunction with the model, will suggest most effective solutions to increase flood resiliency for specific areas.

The model will be available for use by the town to evaluate possible actions.

The meeting was adjourned at 8:17.
