

Wolcott Planning Commission Minutes

April 2, 2019

Members present: Jim Robert, Maxfield English, Bruce Wheeler

Others Present: none

Minutes from the 3/5/19 meeting were approved.,

Electric Vehicle Charging Stations funds:

The State of Vermont will provide \$400,000 to several towns, for electric vehicle charging stations. From a State press release - *“There is a total of \$400,000 in funding available in this grant round to support the installation of Level 2 and DC fast charge stations at qualified locations in Vermont”*

We considered the issue of submitting a grant application, but decided not to based on the following issues

Grant applications were due on April 30.

The selectboard would need to approve and the schedule made that difficult.

It is unknown how useful a charging station would be in Wolcott at this time.

We will reconsider a grant application in the next round of disbursements.

Job description for Town Administrator

The issue of qualifications for the hiring of a town administrator was briefly discussed and members felt that the Planning Commission had no special requirements that weren't already being considered.

The meeting was adjourned at 8:20 pm.
