**Meeting Summary:**

Linda informed the Committee that Jim Mahoney had resigned from the Committee.

The Committee discussed whether North Wolcott could be added to the scope of the current NBRC grant. Lynnette explained that the current grant was focused on Wolcott Village. Seth and Amy stated the Committee could choose to focus on ways to develop additional wastewater capacity for public and civic buildings if the survey showed little interest from residents.

The Committee discussed revisions to the introduction letter. The letter will be sent to all residents and property owners in the project area. A joint meeting with the Planning Commission will be held on November 4. The survey will be distributed at that meeting and sent via mail to residents who do not attend in person.
